Subject: Cudmore event

Dear Cyril,

I just wanted to say a huge thank you and an even bigger well done. We had an absolutely fantastic time at the show this weekend. The organisation of the show was brilliant, your team were all really friendly and helpful and it attracted a lovely crowd of visitors.

The show worked really well for us, and even though Sunday was quieter we still kept ourselves very busy showing the visitors bait rolling demo and rig making, it was great interacting with them and being able to give them the AP personal touch.

Please count us in for next year, we would love exactly the same spot as this year, so please reserve this for me today, and if at all possible two slots on the lake we were facing, we really feel that we could offer the visitors a full interactive experience if we could utilize a swim or two near opposite our marquee.

Congratulations to you and your team on a very successful weekend, I hope you are well on your way to recovery and I look forward to hearing from you.

Kindest regards

---

Subject: Dinsmores Cudmore Show Thanks!

Hi Cyril

Thank you for the great show that you & your team put on over the weekend. I appreciate the huge amount of work you must have done to get that all together in a fairly tight timeframe.

Unfortunately the weather was not kind but no one can predict that.

Kind regards  
Dinsmores

Subject: Thanks from Shimano

Hi Cyril

Hope you managed to get that lie in you were looking for, somehow I feel you may not have been able to unwind so quickly but let's hope so.

I just wanted to express sincere thanks from all the Shimano team to you and all your staff who pulled out all the stops to make it a very special weekend for all concerned.

Personally I felt it was a triumph for angling and I know that many exhibitors and retailers expressed the same sentiments.

That anglers both young and old will be spurred on to participate in their hobby now with more passion and understanding is beyond doubt and that surely is what it's all about.

Kindest regards and once again huge thanks to all.

Cyril,

Thanks for a good day out.  
Shame about the weather but it is England.  
Hope that Fishomania will be back again next year.  
I am already looking forward to it.

Regards,  
Tony Sutton

Hello Cyril i do hope you recieve this and that you can recall what i am about to tell you,My name is Graham Bowen and i was the first angler you allowed to night fish on the specimen lake along with my mate Reg and an idiot called tank who you barred from the waters i cannot remember what he did but i am sure you were justified in your actions,the good old days when you used to have a brew with me and a good old chinwag on what your dreams were for the old place well my old friend i have just finished watching fishamania 2011 and i am really pleased for you and all your achievements in what you have done not only at cudmore what you have done for the sport of angling,i remember you once said to me in the days long before browning that you would like to see more competitions well cyril you have exceeded all your wildest dreams because it is nothing short of perfection what else could you do,if there is any justice in the world my friend you should be on top of the queens honours list for services to angling and there is a lesson to us all you can please everyone in the angling world anyway,i am disabled know and dont get out much i have a 17 year old son who is a mad keen angler he actually fished arena last year and i told him storys of what it was like,well my friend i will go now good luck and god bless take care for the future Graham.

Hi Cyril

Many thanks for your email. Despite the weather Joss and I managed to persuade over 500 visitors to take one of our leaflets and little furry fishes to remind them to look out for power lines so from our point of view the weekend was a definite success!

As you know we are amidst great changes within the company but if I'm still in a position to take part in next year's event then I'll be more than happy to do so.

Kind regards

Hi Cyril  
Thoroughly enjoyed the event- just about dry now! Here's a link to the movie we made - posted up on YouTube. Might be worth putting a link on your Cudmore site if you're happy with it?

Kind regards  
Pete

Thanks Cyril, it was a well laid out, well run show that deserved a bigger audience – it was refreshing to see such a strong commitment from organisers and exhibitors

All the people who braved the elements were very impressed

Regards  
Simon

Hi Cyril,

I agree totally with what you say we can't beat the Bloody English weather. I feel that the show should have been a great success and I feel sure that with the changes that you said you would make next year it will be, and we will be able to turn a loss into a profit. The Carp section as we discussed defiantly needs more foot fall I did feel lonely at times with all the visitors at the top end. The show itself was very well organised with all your staff being very helpful and efficient. (didn't like being woken up at 5am with them shouting though) I know you put a hell of a lot of time and effort into the show and without a doubt it showed. We will be back next year all being well and look forward to meeting you again.

Best regards

Rob
